MOBILE APPLICATION

of Euromed 2025

The mobile application is an essential tool to ensure the smooth running of the congress. It allows you to stay informed in real-time about the latest updates and access all essential information: dates, schedules, location, president's message, board members, program, sponsorship, e-posters, voting, journal, practical information, replays, and much more.

Although a dedicated website is available, the mobile application provides quick and easy access to key elements as soon as the congress begins. It also helps you plan your participation by selecting must-attend conferences, the most relevant workshops, and your favorite topics.

AVAILABLE SOON
ON GOOGLE PLAY AND PLAY STORE

WHICH SPONSORS? WHICH OBJECTIVES?

Euromed 2025

The pharmaceutical laboratories

Presenting at a medical conference offers a strategic opportunity to highlight your innovative therapeutic solutions. By organizing symposia, workshops, or interactive sessions, you can foster greater engagement and drive sales growth. This is a critical moment to establish valuable partnerships, engage with industry leaders, and expand your professional network.

The public and private insurance companies

Medical conferences attract key industry players, providing a unique platform to showcase your insurance products tailored to the needs of healthcare professionals. Take advantage of the event to build relationships with new clients, develop business opportunities, and strengthen your presence in the medical sector.

Healthcare institutions

Showcase your services and expertise to a targeted audience of medical professionals and industry stakeholders. These events provide a unique opportunity to exchange best practices, establish international collaborations, and position yourself as a key player in the healthcare sector.

Medical equipment companies

Medical conferences are the perfect opportunity to showcase your innovations to a wide audience of healthcare professionals. Sponsor workshops, exhibit your products in dedicated spaces, and allow participants to test your equipment on-site. You will have the chance to engage in business discussions, generate immediate sales, and strengthen your position in new markets.

Automobile manufacturers

Offer exclusive deals and preferential rates for vehicle purchases while becoming the official transport provider of the event. This is a great opportunity to promote your brand to a professional audience, enhance your image, and boost sales in a business-friendly environment.

Banks

This type of event is the perfect opportunity to showcase your banking products designed for healthcare professionals. Whether it is for financing medical equipment, loans for healthcare facilities, or savings solutions, you will be able to capture the attention of key industry players and develop financial partnerships.

IT companies

Digital technologies play a crucial role in the transformation of the medical sector. This congress is a unique opportunity to showcase your management software, healthcare applications, and digital solutions that make healthcare professionals' daily tasks easier. An effective way to reach a wide audience and create new business opportunities.

Training Institutions and Universities

Offer your continuing education programs, specialized degrees, and master's courses to an international audience of healthcare professionals. These events provide an excellent platform to promote your training programs and build connections with medical institutions seeking high-quality educational solutions.

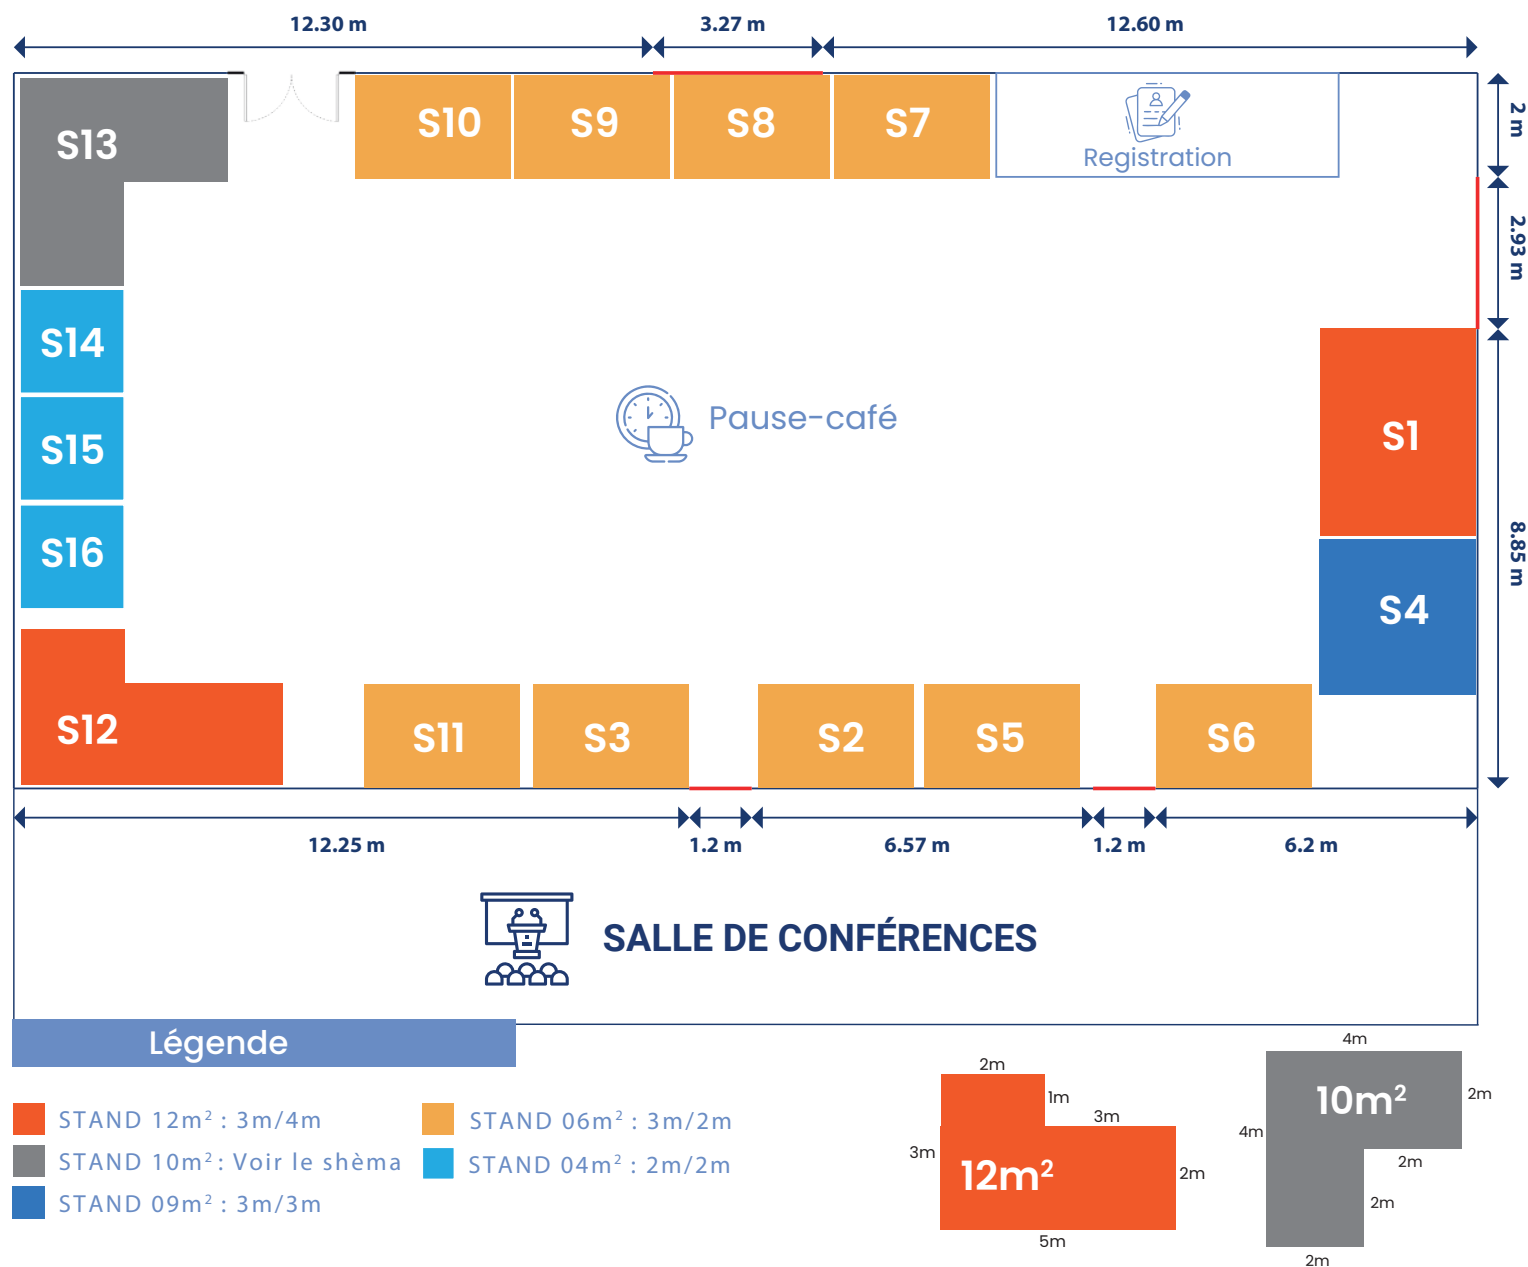

Other Companies and Organizations

This congress is an opportunity for any company looking to expand its presence in the medical, paramedical, and pharmaceutical sectors. Whether you are a startup or an established player, take advantage of this event to build business relationships, discover new opportunities, and increase your visibility in a rapidly growing industry.

The background is a high-angle, wide shot of a large, modern exhibition hall. The ceiling is a complex, white, geometric lattice structure. The floor is a light-colored, polished surface. Numerous people are scattered throughout the space, some standing in groups, others walking. There are various exhibition booths and displays visible in the background. The entire image is overlaid with a semi-transparent blue filter.
